SPOTLIGHT

Credential and Explusion Compliance Requirements

Please review the **NEW** compliance requirements regarding credentialing and expulsions described in the orange links below. OCS staff will be making unannounced site visits throughout the year to review credential binders, so please be sure that office staff can point us to where the up to date binder is located.

Instructions for Sub Permits, as well as credential requests can be found under the Credentials tab on our website. The CCTC has recently published two guides that are available there as well.

CITY OF OAKLAND Office of Parks & Recreation

5th Annual Middle and High School Charter Options Fair

Come join the Lincoln Square Recreation Center for their 5th Annual Middle and High School Charter Options Fair on **January 8th, 2016 3pm—6pm**. They have had 100-200 local community families in the past, and are aiming for 300-500 families this year as they are evolving this event to a City-Wide Regional outreach.

This will be an indoor event. Lincoln Recreation Center will provide one 6' table and three chairs for each school. Ideally schools should have materials in Chinese or Vietnamese, and even better, can have students, parents, and or staff share their experiences from a first-person perspective!
