INTRODUCTION

This handbook is prepared by the Oakland Unified School District Office of Charter Schools (“OCS”) to guide charter schools through the charter renewal process. Charter school petitioners should review and follow guidance and instructions provided in this handbook as they prepare to submit their charter renewal request. OCS also meets regularly with staff of charter schools that will be requesting renewal during the upcoming school year.

Please note, District staff do not advise petitioners on the development or content of renewals beyond requiring certain District Required Language. Regardless of the contents of this handbook, charter school petitioners are ultimately responsible for complying with all requirements outlined in the Education Code and in any corresponding regulations.

RENEWAL REQUEST SUBMISSION REQUIREMENTS

Charter school petitioners may submit renewal requests beginning September 15 and are strongly encouraged to submit requests no later than February 1 of the academic year immediately preceding the expiration of a charter school’s current charter term, as outlined in District Board Policy 0420.4 (updated 6/29/22). All submissions must be made electronically using a renewal request submission form created by District staff. Hard copy submissions are no longer required, nor requested. Documents included in the submission should be prepared with standard margins and written using an easy-to-read 11- or 12-point font and all pages should be numbered sequentially through all exhibits. Only complete submissions will be considered for renewal. Incomplete submissions will be rejected and will need to be resubmitted. **In order to be considered complete, submissions must include all of the documents found in the table below in the indicated format(s) as described below.**

Items #1-4 must all be included in a single, searchable PDF format with bookmarks corresponding to the table of contents. **This PDF document will be considered the official renewal that will be posted on the OUSD Board website.** If this PDF is not searchable (i.e. text is not recognized when using standard search functionality), the petition will be considered incomplete.

Document(s)	Include in Official Renewal PDF?	Additional Submission Format?
1. A cover letter signed by the charter school governing board president or designee authorizing the submission of the charter renewal request to the District Board and certifying that the petitioner deems the petition to be complete ⁴	Yes	N/A
2. A final copy of renewal ⁵ , including all District Required Language (provided by District staff ⁶) and all content required by newly enacted laws and regulations pertaining to charter schools since the previous petition	Yes	N/A
3. A performance report using the current Charter Renewal Performance Report template ⁷ provided by District staff	Yes	N/A
4. Financial statements, including the annual operating budget and 3-year cashflow and financial projections, as well as all backup and supporting documents and budget assumptions (i.e. anticipated revenues and expenditures, including special education, and projected ADA)	Yes	Microsoft Excel (or Word, if appropriate)

⁴ Education Code (EC) §47605(b) states that “a signed certification that the petitioner deems the petition to be complete” must be included at the time of submission to commence the petition review timeline.

⁵ The following must all be included in the renewal: reasonably comprehensive descriptions of all required elements outlined in EC §47605(c)(5), the required affirmations outlined in EC §47605(e), the declaration required by EC §47605(c)(6), and all required information outlined in §47605(h).

⁶ An updated version of the District Required Language can be found on the [Petitioner Resources page](#) of the Office of Charter Schools website. Please make sure that the version included in the petition corresponds to the most recent version of this document (typically updated near the start of each school year).

⁷ An updated version of the Charter Renewal Performance Report template can be found on the [Renewing Charter Schools page](#) of the Office of Charter Schools website.

5. A red-line copy of renewal, showing all changes made to the charter school's most recent District Board-approved petition ⁸	No	Microsoft Word
6. A PowerPoint presentation for the initial public hearing (may be a placeholder). The presentation should be no longer than 10 minutes. Revisions to the PowerPoint may be submitted to OCS staff up to 10 days before the date of the initial public hearing.	No	Microsoft PowerPoint
7. [Optional for all schools except those in the low renewal tier, if renewal tiers are released] Verified Data (as defined by the State Board of Education) demonstrating measurable increases in academic achievement or strong postsecondary outcomes	TBD	TBD ⁹

Renewal Submission Process

The renewal review timeline starts on the day the petitioner submits the renewal to the district office.¹⁰ All submissions must be made electronically using the [charter renewal request submission form](#) created by District staff. Within five business days of the submission, District staff will review and confirm via email whether the renewal submission is deemed complete.

Note regarding material revisions at the time of renewal: A material revision request typically must be submitted separately from the renewal.¹¹ Prior to submitting the renewal, petitioners should consult with OCS staff regarding any substantial proposed changes to the renewal to determine whether these changes constitute a material revision necessitating a separate submission.

⁸ The red-line copy only needs to include changes made to the charter petition (i.e. #3). Red-line changes to other items included in the submission are unnecessary and should not be included.

⁹ OCS is working closely with the CDE and other authorizers in California to align Verified Data submission procedures to best practices. OCS will communicate any submission requirements with charter schools prior to August, 2023.

¹⁰ EC §47607(b)

¹¹ EC §47607(a)(3); If a renewal contains a material revision, it may not be considered and may need to be resubmitted separate from the renewal request.

RENEWAL SITE VISIT

The renewal site visit is scheduled by OCS staff in collaboration with the charter school and may occur prior to the submission of the charter renewal request by the school, depending on scheduling needs. The site visit is aligned with the School Quality Review process used by OUSD District staff to evaluate District schools.¹² During the site visit, which is typically scheduled for two consecutive days, the team observes teaching and learning, conducts interviews with school leadership, and holds focus groups with teachers, students, families, and the governing board. OCS may invite other OUSD staff members to participate in the Site Visit depending on their availability. This visit provides OCS with additional evidence to evaluate the school’s program and operations and serves to corroborate and supplement information provided in the charter petition.

Site Visit Components and Schedule

The renewal site visit should include each of the following components (*suggested times in italics*):

- Initial Meeting with School Leader to review schedule (*15 minutes*)
- School Leader Interview (may also invite School Leadership Team/CMO Home Office staff) (*1 hour*)
- Classroom Observations (*3 hours*)
- Teacher Focus Group (*1 hour*)
- Family Focus Group (*1 hour*)
- Student Focus Group (*1 hour*)
- Governing Board Focus Group (*1 hour*)
- Lunch (OUSD review team will provide own lunch) (*30 minutes*)

As indicated in the document request table at the end of this section, the charter school shall submit the renewal site visit schedule two weeks prior to the site visit. For convenience, a sample schedule is provided in the table below. Please revise this schedule as necessary, making sure to include all of the components listed above. OCS staff will review the draft and follow up if any changes are necessary. Please note, the findings from the renewal site visit will be incorporated into the staff report and not debriefed at the end of the renewal site visit.

Two-Day Site Visit Schedule (Sample)		
Time	Day 1	Day 2

¹² The most recent School Quality Review Rubric can be found on the [Renewing Charter Schools page](#) of the Office of Charter Schools website.

Site Visit Focus Groups

Please ensure that focus groups contain a representative group of your school’s stakeholders, featuring members with differing viewpoints and backgrounds. Please refer to the following table for recommendations regarding the composition and size of each focus group.

Focus Group	Recommended Participants
Governing Board	2-5 governing board members (making sure that the number of members present does not constitute a quorum) who can answer questions regarding the school’s budgets, finance, and governance. May be conducted by Zoom, if necessary.
Students	Maximum of 8 students. Please ensure group is representative of the student body in terms of ethnicity, gender, and special populations. Typically, schools invite ~2 students per grade level for grades 3 and up.
Families	Maximum of 8 family members/parents. Please ensure group is representative of the student body and that a non-staff member interpreter is present if needed.
Teachers	Maximum of 8 teachers. Please ensure group is representative of grade levels and subject areas at the school, and experience in the teaching profession, and do not include any staff members who supervise teachers.

RENEWAL CRITERIA

The Charter Schools Act of 1992, as amended by AB 1505 in 2020, establishes the criteria by which charter renewal applications must be evaluated. OCS staff is primarily responsible for conducting the due diligence necessary to inform the Board regarding the renewal. In order to recommend the approval of a charter school renewal to the District Board, OCS staff must determine that the charter school has met the requirements set forth in the Education Code (“Ed Code” or “EC”). For clarity, these requirements have been organized into the following four renewal criteria, outlined in this section.

- I. Has the Charter School Presented a Sound Educational Program?
- II. Is the Charter School Demonstrably Likely to Successfully Implement the Proposed Educational Program?
- III. Is the Petition Reasonably Comprehensive?
- IV. Is the Charter School Serving All Students Who Wish to Attend?

Renewal Criteria I: Has the Charter School Presented a Sound Educational Program?

In order for a charter school’s renewal to be approved, it must present a sound educational program for its students, primarily based on the charter school’s past performance.¹³

Please note, due to the suspension of the state dashboard in 2020 and 2021 and pursuant to guidance from the CDE¹⁴, the CDE will not be placing charter schools with terms expiring in June 2024 into Renewal Tiers until 2024, at the earliest. Therefore, in the fall of 2023, OCS will proceed as if all schools are in the Middle Tier. Staff will be in communication with charter schools if CDE releases any additional guidance.

Renewal Tiers

The law outlines a three-tiered system for most¹⁵ charter schools seeking renewal, including additional criteria and conditions for evaluating the soundness of a school’s educational program depending on the school’s renewal tier.¹⁶ At the time of renewal, charter schools’ California School Dashboard (state dashboard) outcomes will be used to determine whether a school meets the high, middle, or low renewal performance criteria. The following table outlines the specific state dashboard criteria that a school must meet to qualify under each renewal tier as interpreted by the State Department of Education.

¹³ EC §47605(c)(1)

¹⁴ The full October 13, 2022 CDE statement can be read [here](#).

¹⁵ The three-tiered system does not apply to schools that qualify for the Dashboard Alternative School Status (DASS) program.

¹⁶ EC §47607(c)(2) and EC §47607.2

Renewal Tier	State Dashboard Criteria for Meeting Renewal Tier¹⁷
High <i>EC §47607(c)</i>	For the two most recent years preceding renewal, either: 1. Scored green or blue schoolwide on all state indicators ¹⁸ OR 2. For all academic indicators, ¹⁹ a. Received “status” scores schoolwide that are equal to or higher than the state average AND b. Majority ²⁰ of student groups performing statewide below the state average in each respective year received “status” scores that are above the state average.
Middle <i>EC §47607.2(b)</i>	Did not meet either High or Low tier criteria.
Low <i>EC §47607.2(a)</i>	For two most recent years preceding renewal, either: 1. Scored red or orange schoolwide on all state indicators ¹⁸ OR 2. For all academic indicators, ¹⁹ a. Had “status” scores schoolwide equal to or lower than the state average AND b. Majority ²⁰ of student groups performing statewide below the state average in each respective year received “status” scores that are below the state average.

As outlined in the table below, applicable renewal conditions and evaluation criteria vary, depending on a school’s identified renewal tier.

Renewal Tier	Renewal Conditions and Additional Evaluation Criteria²¹
High <i>EC §47607(c)</i>	<ul style="list-style-type: none"> • May be renewed for 5, 6, or 7 years. • Only required to update the petition to include reasonably comprehensive description of any new requirements, and as necessary to reflect the current program offered by the school.²²
Middle <i>EC §47607.2(b)</i>	<ul style="list-style-type: none"> • May renew for 5 years or may deny only upon making written findings that: <ol style="list-style-type: none"> a. The charter school has failed to meet or make sufficient progress toward meeting standards that provide a benefit to the students of the school, AND

¹⁷ Per EC §47607(c)(3), references to “academic indicators” in this table mean California Schools Dashboard indicators based on statewide assessments in the California Assessment of Student Performance and Progress system, the English Language Proficiency Assessments for California, and the college and career readiness indicator. For the English Learner (EL) Progress Indicator, status level was used as a proxy for color on the 2019 Dashboard for school that had at least 30 EL students with results. Specifically, on the EL progress indicator, Very High/High and Very Low/Low status levels were respectively used as proxies for Blue/Green and Red/Orange colors.

¹⁸ Can only be met if a school received schoolwide colors for at least two academic indicators.

¹⁹ Can only be met if a school received colors for at least two of the identified underperforming student groups for at least two academic indicators.

²⁰ The California Department of Education interpreted majority as greater than or equal to 50% in its methodology for determining charter renewal tiers.

²¹ Renewal conditions relate specifically to Renewal Criteria I. Notwithstanding the three-tier system, all charter schools must meet renewal criteria outlined in subsequent sections in order to qualify for renewal.

²² A school that is eligible for technical assistance and/or concurrently meets the low tier criteria does not qualify to be renewed under the high tier criteria.

	<ul style="list-style-type: none"> b. The closure is in the best interest of the students, AND c. The decision provided greater weight to performance on measurements of academic performance. • Shall consider schoolwide performance and performance of all student groups on both state and local indicators included in the State Dashboard, providing greater weight to performance on academic indicators. • Shall also consider clear and convincing evidence, demonstrated by verified data,²³ showing either: <ul style="list-style-type: none"> a. The school achieved measurable increases in academic achievement, as defined by at least one year’s progress for each year in school OR b. Strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers.
<p>Low <i>EC §47607.2(a)</i></p>	<ul style="list-style-type: none"> • Shall generally not renew; however, the chartering authority shall consider the following factors and may renew only for 2 years upon making both of the following written factual findings: <ul style="list-style-type: none"> a. The charter school is taking meaningful steps to address the underlying cause(s) of low performance, which are or will be written in a plan adopted by the governing body of the charter school AND b. There is clear and convincing evidence, demonstrated by verified data, showing either: <ul style="list-style-type: none"> a. The school achieved measurable increases in academic achievement, as defined by at least one year’s progress for each year in school OR b. Strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers.

Alternative Schools Criteria

The three-tier system does not apply to schools that qualify for the Dashboard Alternative School Status program (DASS schools). For DASS schools, the chartering authority should consider the charter school’s performance on (a) the state and local indicators included in the State Dashboard and (b) alternative metrics applicable to the charter school based on the student population served.²⁴ DASS schools are only eligible for a 5-year renewal and the chartering authority may only deny renewal of DASS schools upon making written findings, setting forth specific facts to support the findings, that the closure of the charter school is in the best interest of students.

Additional Evidence Considered

In addition to evidence mentioned above, additional evidence may be considered in assessing the soundness of a school’s educational program, depending on the charter school’s renewal tier, including but not limited to the following.

- State Dashboard Indicators

²³ EC §47607.2(c) defines verified data as data derived from nationally recognized, valid, peer-reviewed, and reliable sources that are externally produced. Verified data will only be considered until January 1, 2026 for schools operating on or before June 30, 2020. At its November 2020 meeting, the State Board of Education approved criteria to define verified data, data use procedures, and a list of valid and reliable assessments that shall be used for this purpose. Only data sources adopted by the State Board may be used as verified data. If the SBE approves adopts additional or updated guidance about verified data, OCS will be in communication with charter leaders. See the Frequently Asked Questions section for more information.

²⁴ EC §47607(c)(7)

- School Performance Analysis²⁵ – based on State Dashboard and CORE Growth data
- Comparison of Academic Performance for Key Student Groups – based on the school’s State test outcomes (and graduation outcomes for high schools) in comparison to the average for students from the same key student groups attending Oakland public schools
- Verified Data (not applicable to schools in the High tier)
- [School Quality Review Rubric](#) Ratings – based on renewal site visit
- Performance Improvement Plan (only required for Low renewal tier schools, but may be requested for some Middle tier schools)
- Alternative Metrics (only applicable for DASS schools)

Renewal Criteria II: Is the Charter School Demonstrably Likely to Successfully Implement the Proposed Educational Program?

In order for a charter school’s renewal petition to be approved, it must be demonstrably likely to successfully implement the program set forth in the petition.²⁶ Evidence considered for this criteria may include:

- Financial condition
- Enrollment and attendance
- Enrollment demographics
- Compliance with regulatory elements (including notices of concern, website posting, and teacher credentialing)
- Board health and effectiveness

Additional requirements for denial based on fiscal/governance concerns: Any renewal may be denied upon a finding that the school is demonstrably unlikely to successfully implement the program set forth in the petition due to substantial fiscal or governance factors;²⁷ however, the chartering authority may only do so after it has provided at least 30 days’ notice to the charter school of the alleged violation and provided the charter school with a reasonable opportunity to cure the violation, including a corrective action plan proposed by the charter school. After doing this, the chartering authority may deny renewal only by making either of the following findings:

- The corrective action proposed by the charter school has been unsuccessful OR
- The violations are sufficiently severe and pervasive as to render a corrective action plan unviable.

Renewal Criteria III: Is the Petition Reasonably Comprehensive?

In order for a charter school’s renewal petition to be approved, the petition must include reasonably comprehensive descriptions of the following 15 required elements:²⁸

1. Description of the school’s educational program
2. Measurable pupil outcomes (see DRL on the [Charter Requester Resources page](#) of the OCS website)
3. Method by which student progress is to be measured
4. Governance structure
5. Qualifications to be met by individuals employed at the school
6. Procedures for ensuring health and safety of students

²⁵ For renewals submitted in 2023-24, the School Performance Analysis used in prior cycles will be modified due to the lack of state testing data during the COVID-19 pandemic.

²⁶ EC §47605(c)(2)

²⁷ EC §47607(e)

²⁸ EC §47605(c)(5)

7. Means for achieving a balance of racial and ethnic, English learner, and special education students²⁹
8. Admission policies and procedures
9. Manner for conducting annual, independent financial audits and manner in which audit exceptions and deficiencies will be resolved
10. Suspension and expulsion procedures
11. Manner for covering STRS, PERS, or Social Security
12. Attendance alternatives for students residing within the district
13. Employee rights of return, if any
14. Dispute resolution procedure for school-authorizer issues
15. Procedures for school closure

All charter petitions must also contain the following information required by the Ed Code:

- An affirmation of each of the conditions described in Ed Code §47605(e).³⁰
- A declaration of whether or not the charter school shall be deemed the exclusive public employer of the employees of the charter school for purposes of Government Code §3540 thru 3540.2.³¹
- All information required by Ed Code §47605(h). Specifically:
 - a. Information regarding the proposed operation and potential effects of the charter school on the authorizer, including :
 - The facilities to be used by the charter school, including specifically where the charter school intends to locate,
 - The manner in which administrative services of the charter school are to be provided, and
 - Potential civil liability effects, of the charter school on the authorizer.
 - b. Financial statements that include the annual operating budget and 3-year cashflow and financial projections, backup and supporting documents and budget assumptions (i.e. anticipated revenues and expenditures, including special education, and projected average daily attendance).
 - c. If the school is to be operated by, or as, a nonprofit public benefit corporation, the names and relevant qualifications of all persons whom the petitioner nominates to serve on the governing body of the charter school.

Finally, all charter renewals must include the following District-specific requirements:

- All current District Required Language
- A Charter Renewal Performance Report using the current District-provided template.

Evidence considered for this criteria includes a review of the corresponding sections of the renewal, including changes made from the prior petition, as well as checks for any additional requirements enacted since the charter was last approved.

Renewal Criteria IV: Is the Charter School Serving All Students Who Wish to Attend?

In order for a charter school's renewal to be approved, the school must be serving all students who wish to attend.³² Evidence considered for this criteria may include:

- State-provided enrollment pattern data

²⁹ English Learners and special education students were added to this element starting in 2020 as part of AB 1505.

³⁰ EC §47605(c)(4)

³¹ EC §47605(c)(6)

³² EC §47607(e)

- Substantiated complaints and notices of concern related to noncompliance with suspension/expulsion procedures and laws

Additional requirements for denial based on this concern: In order to deny a petition based on a finding that a school is not serving all students who wish to attend, the chartering authority must specifically identify evidence supporting its finding. Furthermore, the chartering authority may only deny a charter school under this criteria after it has provided at least 30 days’ notice to the charter school of the alleged violation and provided the charter school with a reasonable opportunity to cure the violation, including a corrective action plan proposed by the charter school. After doing this, the chartering authority may deny renewal only by making either of the following findings:

- The corrective action proposed by the charter school has been unsuccessful; OR
- The violations are sufficiently severe and pervasive as to render a corrective action plan unviable.

Summary of Potential Denial Findings

For clarity, the specific findings required to deny a renewal petition under each renewal criteria are summarized in the table below.

Renewal Criteria	Denial Finding(s)
I: Has the Charter School Presented a Sound Educational Program?	<ul style="list-style-type: none"> • May not be used to deny renewal of High Tier schools. • Required finding: <ul style="list-style-type: none"> ○ <i>The charter school presents an unsound educational program for the students to be enrolled in the charter school.</i> • Additional findings may be required to deny renewal of a school under this criteria. Specifically, for: <ul style="list-style-type: none"> ○ <u>Low Tier schools</u>: no additional denial finding is required. (Conversely, Low Tier schools require specific findings in order to be renewed.) ○ <u>Middle Tier schools</u>: all of the following denial findings must also be made: <ul style="list-style-type: none"> ▪ <i>The charter school has failed to meet or make sufficient progress toward meeting standards that provide a benefit to the students of the school, AND</i> ▪ <i>The closure is in the best interest of the students, AND</i> ▪ <i>(If applicable) The decision provided greater weight to performance on measurements of academic performance.</i> ○ <u>DASS schools</u>: the following denial finding must also be made: <ul style="list-style-type: none"> ▪ <i>The closure of the charter school is in the best interest of students.</i>
II: Is the Charter School Demonstrably Likely to Successfully Implement the Proposed Educational Program?	<ul style="list-style-type: none"> • Required finding: <ul style="list-style-type: none"> ○ <i>The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.</i> • If this finding is due to substantial fiscal or governance factors, then one of the following findings must also be made: <ul style="list-style-type: none"> ○ <i>The corrective action proposed by the charter school has been unsuccessful, OR</i> ○ <i>The violations are sufficiently severe and pervasive as to render a corrective action plan unviable.</i>
III: Is the Petition Reasonably Comprehensive?	<ul style="list-style-type: none"> • Required finding: <ul style="list-style-type: none"> ○ <i>The petition does not contain reasonably comprehensive descriptions of the required 15 elements, OR</i>

	<ul style="list-style-type: none"> • <i>The petition does not contain all of the required information. (Specify the missing required information.)</i>
<p>IV: Is the Charter School Serving All Students Who Wish to Attend?</p>	<ul style="list-style-type: none"> • Required finding: <ul style="list-style-type: none"> ○ <i>The charter school is not serving all students who wish to attend.</i> • Additionally, one of the following findings must also be made: <ul style="list-style-type: none"> ○ <i>The corrective action proposed by the charter school has been unsuccessful, OR</i> ○ <i>The violations are sufficiently severe and pervasive as to render a corrective action plan unviable.</i>

FREQUENTLY ASKED QUESTIONS

This section provides information regarding frequently asked questions that are not addressed elsewhere in this handbook.

Q1. What is the purpose of a public hearing?

A public hearing occurs during a District Board meeting and is an opportunity for the public to speak regarding an issue or proposed action, such as a petitioner’s request for charter renewal. During charter renewal public hearings, interested parties are provided an opportunity to comment to the District Board regarding their support of or opposition to the renewal and Board members typically discuss and may ask questions related to the request. A public hearing can occur at a regularly-scheduled District Board meeting or at a special District Board meeting scheduled outside the regular cadence of Board meetings. District Board public hearings related to charter renewal require advance notice in a newspaper of general circulation and are typically noticed in the Oakland Tribune.

Q2. What happens at public hearings related to charter renewal?

Previously, school district boards were only required to hold one public hearing related to the renewal of a charter petition (“initial public hearing”), but the meeting where the Board made a renewal decision was not required to be a public hearing. However, AB 1505, effective July 1, 2020, also calls the meeting at which charter renewal decisions are made a “public hearing” (“decision public hearing”).

Initial Public Hearing. At the initial public hearing, the school will be allotted up to 10 minutes to make its presentation. Speaker cards are not required to be submitted for the 10-minute presentation. If there are additional staff or community members who wish to speak who are not part of the formal presentation of the school, they must do so through public comment, either live or electronically via eComment (see [here](#) for more information on eComments). Additionally, although the estimated time of the public hearing is listed in the public hearing notice, the actual time may occur later in the agenda depending on the pace of the meeting. Please take this into consideration when selecting presenters. If a school wishes to present a PowerPoint presentation during the initial public hearing, it must include the PowerPoint document (or a placeholder) in its submission at the same time that it submits the charter renewal.

Decision Public Hearing. At the public hearing where the District Board will make a decision, District staff present their findings regarding the renewal request and petitioners will be allotted equivalent time and procedures to present evidence and testimony to respond to the staff recommendations and findings. As is the case for all public hearings, members of the public will once again have the opportunity to comment and Board members may elect to discuss and ask questions prior to voting to grant or deny the renewal request.

Documentation from recent charter renewals, including OCS staff reports and video recordings of charter renewal public hearings and decision meetings are publicly available on the [District Board’s Legislative Information Center](#). Corresponding documentation and video links may be found by selecting “Charter School Petition” from the dropdown menu, clicking “Search Legislation”, and selecting the corresponding link.

Q3. What requirements exist for petitioners that wish to use a PowerPoint presentation at either of the public hearings?

Although not required, petitioners may choose to use a PowerPoint as part of their presentation at either public hearing. To do so, petitioners must adhere to the following requirements when submitting their PowerPoint(s).

Initial Public Hearing. As noted in the [Renewal Request Submission Requirements](#) section, the PowerPoint (or a placeholder) for the initial public hearing must be provided at the time the renewal is submitted. Petitioners have until 10 days before the date of the hearing to resubmit a revised PowerPoint to OCS staff (charteroffice@ousd.org).

Decision Public Hearing. As mentioned above, petitioners will have equivalent time and procedures to present evidence and testimony to respond to District staff recommendations and findings, which will be published at least 15 days before the decision public hearing. Though not required, if petitioners wish to use a PowerPoint at the decision public hearing, they must submit the PowerPoint to OCS staff (charteroffice@ousd.org) at least 10 days before the date of the decision hearing.

Q4. Can a charter school petitioner request a certain date and/or time for its renewal public hearings?

Although District staff may request feedback from the charter school petitioner regarding potential dates, District Board staff are responsible for scheduling all District Board public hearings and may not be able to accommodate the petitioners' preferences.

Q5. How can members of the public who are unable to attend the public hearings provide public comment?

Individuals may provide public comment electronically (eComment) in advance of District Board meetings by following instructions below, which correspond to instructions available on the [District Board website](#). All eComments are automatically emailed directly to all District Board members.

1. Access the [Calendar tab](#) of the District's Legislative Information Center
2. Select the "eComment" link to the right of the corresponding calendar meeting item
3. Click the "Comment" button for the corresponding agenda item
4. Fill out the requested information, including your comment, and click the "Submit Comment" button
(Note: First time users may be required to register to use eComment system.)

Q6. What qualifies as "verified data" for charter schools undergoing renewal in the fall of 2023?

Purpose. Verified data may be considered for schools that are not in the high renewal tier to provide evidence that (a) the school achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in the school, or (b) strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers.

Definition. The Ed Code defines verified data as "data derived from nationally recognized, valid, peer-reviewed, and reliable sources that are externally produced." At its November 2020 meeting, the State Board of Education approved the criteria to define verified data, the data use procedures related to verified data, and the following list of valid and reliable assessments and measures of postsecondary outcomes:

- Adaptive, Diagnostic Assessment of Mathematics (ADAM)/Diagnostic Online Math Assessment (DOMA) by Let's Go Learn
- California Assessment of Student Performance and Progress (English Language Arts/Literacy and Mathematics)
- Diagnostic Online Reading Assessment (DORA) by Let's Go Learn
- easyCBM by Riverside Insights

- ELPAC by Educational Testing Service
- FastBridge by Illuminate
- iReady by Curriculum Associates
- Math Inventory by Houghton Mifflin Harcourt
- mCLASS by Amplify
- Measures of Academic Progress by NWEA
- RAPID by Lexia Learning
- Reading Inventory by Houghton Mifflin Harcourt
- SAT Suite by College Board
- Star Assessments by Renaissance

Please note, data sources that are not included in the list above do not qualify and will not be considered as verified data unless the California State Board of Education modifies this list prior to renewal submission. For more information, please see the CDE's [Verified Data](#) overview.

Q7. How is the length of the renewal term determined for schools meeting the high tier renewal criteria (i.e. schools that may be eligible for an extended renewal term of up to 7 years)?

Renewal terms of over five years are reserved for exceptional charter schools with a demonstrated commitment not only to high performance, but also to equity and access, operational sustainability, and partnership as part of Oakland's community of schools. The Office of Charter Schools has therefore created *Criteria for 6-Year or 7-Year Renewal Term for High-Tier Schools* that can be found on the [Renewing Charter Schools page](#) of the Office of Charter Schools website. Please note, the criteria sets forth the guidelines by which the Office of Charter Schools may recommend an extended renewal term, but does not constitute a guarantee or obligation to approve an extended term. Ultimately, the District Board will make the final decision regarding renewal term lengths.

Q8. Who makes the final decision?

The final decision will be made by a vote of the District Board at the decision public hearing. OCS staff will prepare a staff report and recommendation to be presented at the decision public hearing in advance of the Board vote.

Four votes (a majority of the 7-person Board) are required in order to pass a motion to officially approve or deny renewal of a charter petition. If a vote is made and there aren't enough votes to approve or deny, the District Board may postpone the decision until a later date. However, the District Board must act within the required timeline (typically 90 days of the renewal request submission date, but the District and charter school petitioner may mutually agree to extend this timeline by up to an additional 30 days). If the District Board has not passed a motion of denial with 4 votes by the end of this timeline, adopting a written factual finding justifying grounds for denial, then the request for renewal may be deemed approved.
