§ 11969.7. Charges for Facilities Costs.

If the school district charges the charter school a pro rata share of its facilities costs for the use of the facilities, the pro rata share shall not exceed (1) a per-square-foot amount equal to those school district facilities costs that the school district pays for with unrestricted revenues from the district's general fund, as defined in sections 11969.2(f) and (g) and hereinafter referred to as "unrestricted general fund revenues," divided by the total space of the school district times (2) the amount of space allocated by the school district to the charter school. The following provisions shall apply to the calculation of the pro rata share of facilities costs:

(a) For purposes of this section, facilities costs that the school district pays with unrestricted general fund revenues includes those costs associated with plant maintenance and operations, facilities acquisition and construction, and facilities rents and leases, as defined in section 11969.2(h). For purposes of this section, facilities costs also includes:

(1) contributions from unrestricted general fund revenues to the school district's Ongoing and Major Maintenance Account (Education Code section 17070.75), Routine Restricted Maintenance Account (Education Code section 17014), and/or deferred maintenance fund,

(2) costs paid from unrestricted general fund revenues for projects eligible for funding but not funded from the deferred maintenance fund, and

(3) costs paid from unrestricted general fund revenue for replacement of facilities-related furnishings and equipment, that have not been included in paragraphs (1) and (2), according to school district schedules and practices.

For purposes of this subdivision, facilities costs do not include any costs that are paid by the charter school, including, but not limited to, costs associated with ongoing operations and maintenance and the costs of any tangible items adjusted in keeping with a customary depreciation schedule for each item.

(b) For purposes of this section, the cost of facilities shall include debt service costs.

(c) "Space allocated by the school district to the charter school" shall include a portion of shared space where a charter school shares a campus with a school district-operated program. Shared space includes, but is not limited to, those facilities needed for the overall operation of the campus, whether or not used by students. The portion of the shared space to be included in the "space allocated by the school district to the charter school" shall be calculated based on the amount of space allocated for the exclusive use of the charter school compared to the amount of space allocated to the exclusive use of the school-district-operated program.

(d) The per-square-foot charge shall be determined using actual facilities costs in the year preceding the fiscal year in which facilities are provided and the largest amount of total space of the school district at any time during the year preceding the fiscal year in which facilities are provided.

(e) The per-square-foot charge shall be applied equally by the school district to all charter schools that receive facilities under this article, and a charter school using school district facilities pursuant to Education Code section 47614 shall report the per-square-foot charge it is paying in the current fiscal year to the California Department of Education (CDE) in any notification the charter school makes to the CDE pursuant to Education Code section 47630.5(b). The CDE shall post the per-square-foot amounts reported by charter schools on its publicly accessible Web site. The CDE shall offer the opportunity to each school district to provide explanatory information regarding its per-square-foot charge and shall post any information received.

(f) If a school district charges a charter school for facilities costs pursuant to this article, and if the district is the charter school's authorizing entity, the facilities are not substantially rent free within the meaning of Education Code section 47613, and the district may only charge for the actual costs of supervisory oversight of the charter school not to exceed one percent of the school's revenue.
